PASSION
PERFORMANCE

Bulk Skunk

- Skunk is available in bulk containers, up to 264 gallons in capacity, for use with pumper trucks or skid sprayers.

Less-lethal Delivery Systems

- Skunk is available in 40mm gernades that can be deployed down-range by either hand tossing or launching from a 12 gauge shot gun.

Decontamination Soap

- Decontamination Soap is available in both spray and bulk containers.

Applications

- Environmentally friendly, Skunk applications include, but are not limited to, border crossings, correctional facilities, demonstrations and sit-ins.
